Southwest Virginia Mineral,

Timber, Farm and City Property Agency.

Principal Office, Roanoke, Virginia.

The undersigned have opened an office for the sale of mineral, timber and farm land, and city property on commission. They will develop mineral lands, analyze ores, give instructions for developing on a reasonable charge, sell farm and timber lands. All mineral, farm and timber lands listed with them for sale will be extensively advertised through agencies in the Northern States and Europe. A record of all ores, their analyses and location will be kept in our office for inspection of buyers.

MINERALS A SPECIALTY

All persons having mineral, farm or timber lands are requested to list them with us for sale. The long experience of our senior, Mr. J. A. Dalby, in mining and sale of real estate warrants us in assuring our patrons that their interests will be properly guarded in the sale of their property, and all money coming into their hands will be promptly paid over. Owners may, if preferred, employ their special agent or attorneys.

Persons, in sending descriptive list of property, are especially cautioned against giving overdrawn descriptions, as it lessens chances of sale. We also advise against giving options on mineral properties, they often interfere with sales and lead to litigation.

We shall do a legitimate commission business.

Active, reliable agents wanted in every county in Southwest Virginia.

All city property listed with us will have prompt attention, and sold to best advantage.

We have booked for sale a list of improved and unimproved property, business and dwelling houses in different sections of the city.

Persons wishing to buy or sell are respectfully invited to call on us.

The following cases were disposed of by Mayor Evans in his court yesterday morning:

Moxey Rosenberg, twelve years old, arrested on the charge of striking John Simmons, was dismissed.

H. O. Walker and Peter Wright, disturbing the quiet and good order of the city by being drunk and using threatening language; Walker admitted that a bottle of whisky was at the bottom of the whole affair. They were fined \$3 each. A friend paid Walker's fine, but Wright was sent to jail.

Charles Suttle, whose long gray beard gave him the appearance of Rip Van Winkle, was fined \$7.50 for being drunk and committing a nuisance on Railroad avenue, and in default of payment sent to jail.

William Stewart, drunk and carrying concealed weapons; fined \$15. Sent to jail in default of payment.

William May, who was found loitering around Railroad avenue on Thursday and got knocked in the head with a beer bottle for over-officiousness, was subsequently arrested by an officer on the charge of vagrancy and was fined \$5. Sent to jail in default of payment.

William Watts, a negro boy, stealing a newspaper on Salem avenue; dismissed with a reprimand.

A Tramp Sent Home.

Henry Studefin, a negro, who was seriously injured in a wreck near Dyer's, February 5, while beating his way on the train, and who was brought to this city by the railroad company and given attention, was yesterday sent to his home in Winchester. Although beating his way on the train, the company took care of him, furnished a physician and gave him a pass direct to his home. The other man who was with him was also furnished a pass to Winchester in consideration of attention furnished Studefin on the way.

Buchanan

NO PLACE in the South offers superior advantages to those seeking Manufacturing Sites than Buchanan. It has all the conditions for Successful Manufacturing. Cheap fuel, cheap and most excellent irons, abundant timber in easy reach, and other raw material at hand. Pipe works, paper mills, furniture and other wood-working establishments, boot and shoe factories, iron and steel rolling mills, stove foundries, woolen and cotton mills, machine shops, will find this the best location in the South.

The facilities for shipment of products are unsurpassed.

It is on two lines of railroads, the Chesapeake and Ohio and the Norfolk and Western, (S. V. R. R.) and the building of two others, the Baltimore and Ohio and Virginia Western seems well assured. It has competing coal; is within easy distance of the New River and Flat Top Cokes; is at the gateway to the magnificent deposits of iron ores of the Upper James; the limestone for the Roanoke furnace is mined here; it has glass sand, and sand for silica brick and foundry purposes at its very door; in a word, is an ideal manufacturing site.

A level tract of four hundred acres of land, lying on both sides of the railroad, and on the James River as well, with just fall enough (twenty-five feet) to give good drainage, has been reserved for manufacturing purposes. Not only are selected sites from this reservation offered free to responsible parties locating manufacturing establishments at Buchanan, but the CENTRAL LAND COMPANY OF BUCHANAN is desirous of investing in such establishments as give promise of success. It is especially anxious to secure New England skill, and the minor industries that have been so successful in New England.

Address, J. D. WEEKS, Vice-President Central Land Company of Buchanan, BUCHANAN VIRGINIA

Virginia.
